**RE: MIGUEL ANGEL CRUZ**

to the national laboratory for confirmation. They confirmed the positive urine screen for methamphetamine and benzoylecgonine (metabolite of cocaine). Upon this confirmation, a noncompliance office visit was scheduled with Mr. Cruz on August 5, 2014. He was informed of the positive results from the lab. Mr. Cruz then admitted to using the controlled substance. He stated he became intoxicated with some friends and used poor judgment. Mr. Cruz's friendships were discussed and he reported that he is not going to associate with friends that are engaged in illegal activity. Mr. Cruz was reminded that he is to refrain from any use of alcohol while attending treatment, as he is currently enrolled in mental health counseling. Mr. Cruz apologized for his conduct and reported this will not happen again.

Due to this conduct, Mr. Cruz signed a waiver of a hearing in agreement to modify the conditions of his supervision to include substance abuse treatment and home confinement with location monitoring for 60 days (please see attached).

Should Your Honor have any questions or concerns, the undersigned officer will be available at the Court's convenience.

Respectfully submitted,
